

Sexual Assault Counselling and Support.

Zillmere Community Centre

If sexual violence has been present at anytime in your life and you think you might like to talk with someone, then perhaps it would help to meet and have a chat with us.

Zig Zag Young Women's Resource Centre is **continues to provide support at Zillmere.** We work with survivors of sexual violence and support young women aged 12-25 years of age. Workers from Zig Zag are available at the Community Centre to meet with, talk to and support female survivors of sexual violence.

If you think talking with a Zig Zag worker could help you get through something difficult then please phone us to organize a meeting.
